

# MaxO<sub>2</sub>Vent™

- Time cycled and inspiratory flow variable
- Single circuit
- Volume consistent
- Pneumatically powered
- 5 year warranty

## A Portable Pneumatic Ventilator

The MAXO<sub>2</sub>Vent™ is MRI compatible, low cost and is smaller than a toaster, making it great for transport. Includes patient tubing circuit and manifold with exhalation diaphragm.

### Specifications

Dimensions	7" x 5" x 4"
Weight	4.5 lbs
Case Material	Aluminum
All other Materials	Aluminum, brass and plastic
Gas Inlet Pressure Range	30 to 150 PSI
Expiratory Time Range	0.2 to 60 seconds
Inspiratory Time Range	0.2 to 3.0 seconds
Tidal Volume Range	0 to 2.0 L
Pressure Relief Range	0 to 120 CMH <sub>2</sub> O
IMV/CPAP Continuous Flow Range	0 to 60 LPM
PEEP/CPAP Range	+1 to +50 CMH <sub>2</sub> O
Internal Compliance	0 CMH <sub>2</sub> O
Air/Oxygen Blenders	Any capable of producing from 30 to 60 PSI
Exhalation Valves	Oceanic-P/N 15.0 reusable
Warranty	Five year unconditional

### Part Numbers

MAXO <sub>2</sub> Vent™	R213P19	Exhalation Patient Tubing	R100P02
Exhalation Valve Diaphragm	R100P05	IPPB Bird Manifold	R100P07
Reusable Peep Valve	R100P04	15' Single Coiled Hose	R127P35
Pole Mount	R100P03
